1 ERASMUS+ - Key Action 1 for Higher Education International Credit Mobility (ICM)

1.1 What is the ICM at NOVA?

Credit mobility can be defined as a limited period of study or training abroad (in the framework of on-going studies at a home institution) for the purpose of gaining credits. After the mobility phase, students return to their home institution, where the credits are recognised and they complete their studies.

Since 2015, Erasmus+ also funds international credit mobility, in addition to intra-European credit mobility (known until now as 'Erasmus mobility'). For nearly 30 years, Europe has funded the Erasmus programme, which has enabled over three million European students to spend part of their studies in another higher education institution or in a company in Europe. Erasmus+ now opens up these opportunities, allowing for mobility of students and staff, from and to other parts of the world.

Bear in mind that each Faculty has its own cooperation agreement with the Partner Higher Education Institutions listed below.

The International Credit Mobility project 2016-2018 will support the following mobility activities:

2.2 Eligibility Criteria

If you want to know whether or not you can apply for a period of mobility under this programme, these are the main criteria you must take into consideration.

1) Eligible Participants

Student mobility for study (SMS): students registered at NOVA and undertaking a recognised degree or another recognised tertiary level qualification. As only study mobilities are eligible between NOVA and Partner Countries HEI's, the students must be enrolled in at least the second year of their course.

The mobility activity has to be compatible with the student's degree-related learning and personal development needs. The study period abroad must be part of the student's study programme to complete a degree at a first cycle (Bachelor or equivalent), second cycle (Master or equivalent) and third or doctoral cycle.

Staff mobility for teaching (STA): teaching staff employed at NOVA, including employed doctoral candidates that have been invited to teach at an HEI. This activity allows HEI teaching staff to teach at a partner HEI abroad. Staff mobility for teaching can be in any subject area/academic discipline.

Staff mobility for training (STT): staff employed at NOVA. This activity supports the professional development of HEI teaching and non-teaching staff in the form of training events abroad (excluding conferences) and job shadowing/observation periods/training at a partner HEI, or at another relevant organisation abroad.

2) General criteria

- ✓ Erasmus+ enables students to study abroad more than once as long as a total maximum of 12 months per study cycle is respected (i.e. up to 12 months at Bachelor level including "short cycle" studies, up to 12 months at Master level, up to 12 months at Doctoral level). Prior experience under the Erasmus-Lifelong Learning programme counts towards the 12 months per study cycle. In case you did not yet

reach the maximum of 12 months, you may study or train abroad again in the same study cycle. If you have already reached the limit, you will be able to apply to further study periods or traineeships abroad once you undertake a degree in the next study cycle;

- ✓ You must know the language of the courses and/or of one of the languages currently spoken in the hosting countries you are applying to;
- ✓ If you are a NOVA candidate, you will only be able to apply for eligible Partner Country HEIs (see point 2.1);
- ✓ You must respect the specific and additional criteria applicable to the type of mobility that you are applying to (undergraduate, master, doctorate mobilities);
- ✓ If you have special needs¹ then you should upload in the application form a document that specifically proves the actual status of vulnerability and should inform the Host Institution of any special logistics necessary;
- ✓ The Erasmus grant is intended to offset only the additional expenses you may incur while you are abroad - you should not depend on it to cover your essential living costs.(i.e., the grant does not cover all the expenses you will have);
- ✓ The host institution may internally define other criteria, so applicants must pay attention to any specific academic requirements (available with the academic offers).
- ✓ Candidates MUST contact the HEI they intend to apply to, in order to settle the mobility dates and to establish the Learning Agreement for studies.
- ✓ If you are an undergraduate student, you must have successfully completed at least one year of your HEI studies;

¹ Example: applicants who have disadvantaged background, socio-economic difficulties, mental, physical, sensory or other disabilities.

3 Application Procedures

Now that you have confirmed that you are an eligible candidate, the next phase is preparing your application. In order to do so, you will need to choose among all the different academic offers and start preparing all the necessary documentation.

3.1 Preparing the Application

In the phase of preparing the application, the candidate should follow the subsequent **steps**:

STEP 1. Verify the eligibility criteria previously indicated;

STEP 2. Select the host institution and academic offer

Select at least one host institution among the set of institutions of the project. **It is highly recommended that NOVA applicants select up to 3 different host institutions of the available/eligible Partner Countries**, by the order of preference, of the available options but always in respect of the language and background requirements defined by each host institution. However, 2nd and 3rd choice institutions **may decide not to evaluate these applications** depending on the total number of received applications.-When selecting the host institution(s), it is crucial to:

- Ensure that you master the language of tuition or that the host institution provides support for applicants without the needed language skills for the country/course;
- Ensure that you have the necessary academic background in terms of study areas/degree to apply to the type of scholarship and to the selected activity;
- Be aware of the real cost of living at each partner institution and analyze it considering the monthly amount of the scholarship, in case of selection;
- Consider the need to adapt to different cultural realities and also to different climate conditions, in case of selection.
- Consider the need to have some extra financial support for the mobility period.

STEP 3. Read attentively the “Guidelines for Applicants”;

STEP 4. Collect all necessary information and documents to fill in the Application form (see point 3.3);

Several documents are mandatory. If not uploaded in the last section of application form, the application cannot be submitted. In case of unreadable documents the application will be considered invalid and will not be evaluated.

STEP 5. Contact the host HEI(s) in order to settle the **mobility dates** and the **proposal for the Learning Agreement for Studies** (one proposal for each host institution);

STEP 6. Make sure that the **motivation letter** presented in the application concerning the mobility's benefits and expected outcomes is clear;

STEP 7. Prepare a **mobility/project proposal describing** the aims, activities and foreseen study/working plan and having into consideration the objectives and goals of the programme; **Ensure that this proposal is objective** and specific concerning its methodology and viability, impact and benefit, as well as the capacity of attaining the project's purposes within the timeframe established by the duration of the scholarship. The lack of detailed information or objectivity will reduce the chances of success during the process of application's evaluation;

STEP 8. Once all the information is gathered and access to the platform <http://icm.unl.pt/> and you are ready to filling your application form.

3.2 Online Submission

DEADLINE: **30th of June 2017**

To correctly fill in the **Application Form**, please, check at the website <http://icm.unl.pt/> in the section “download” the Tutorial “How to fill in the application”

Applicants must avoid the last minute applications so as to guarantee there will be no problems in the submission of the application form. **It is reminded to all candidates that applications sent by mail, fax or e-mail will not be accepted.**

Applicants can submit only one application. In case of multiple applications submitted by the same applicant, only the last one will be considered.

Keep in mind that some documents are mandatory. If they are not uploaded or not readable, your application will be considered invalid and will not be evaluated.

3.3 Evaluation and Selection of Applications

All valid applications received will be included as read-only documents in a protected database. All the legal requisites concerning the manipulation of personal data will be observed and it will always be kept confidentiality of the information submitted online. The database will only be accessed and revised by authorized persons in the home and host institutions who have an access code. This is also the case of the offices of the Coordination Office and the technical experts that will participate in the evaluation process.
